Jakarta, 7 September 2022 - PT MNC Teknologi Nusantara, a wholly-owned subsidiary of PT MNC Kapital Indonesia Tbk (BCAP), has signed a Cooperation Agreement with Universitas Bina Sarana Informatika (UBSI), one of the largest universities in Indonesia to provide digital payment and remittance facilities through the e-money, e-wallet, and digital remittance app, MotionPay.

“The purpose of the collaboration is definitely to make it easier for students and employees to make transactions and participate in supporting the Government program, namely GNNT (National Noncash Movement). In addition, gradually students can also make payments for tuition fees, exams, graduations, and others through the development of BSI.ID, which cooperates exclusively with MotionPay,” said Herman Pratikto, Bina Sarana Informatika Foundation.

This collaboration also aims to encourage financial inclusion through education, where MotionPay will support the entire application financial system created by UBSI named BSI.ID. The BSI.ID platform prioritizes the development of transaction features that will be integrated with the flagship programs currently running on MotionPay. So, BSI.ID users can enjoy cashback or attractive discounts at MotionPay’s merchants.

“We hope that in the future this collaboration can be increased in line with the increasing number of active students which currently has reached 35 thousand. Including joint advertising, scholarships, on-site to schools and so on,” said Herman Pratikto, Bina Sarana Informatika Foundation.

In addition to cooperation with UBSI, MotionPay continues to expand its business in the field of digital payments and has collaborated with various strategic partners such as Koinworks, Alodokter, Alfamart, POS Indonesia, and others.
